## Initial Supervision Agreement Certificate no. 2019-04-29-04 - IOS-MAT-0003

In accordance with the provisions of the supervision agreement required within IKEA specification no. IOS-MAT-0003, version AA-10899-14 dated 2019-03-11 – Formaldehyde requirements of wood, wood-based and wood-like natural materials and products – Section 4.1.2,

**Entwicklungs- und Prüflabor Holztechnologie GmbH (EPH)**  
Zellescher Weg 24, D-01217 Dresden, Germany

as IKEA-approved third party (supervising body) and IKEA-approved laboratory has

- (A) verified the accuracy of the formaldehyde emission test procedures and facilities used by the composite wood product manufacturer to conduct formaldehyde emission tests
- (B) monitored the manufacturers quality assurance programs
- (C) provided independent audits and inspections

according to Third Party Supervision and Certification Agreement no. IKEA-2019-03-01  
and confirms that the material

### **Curved Layer-Glued Material with formaldehyde-containing glue “Birch Curved Furniture Parts (Bed Slats)” in the nominal thickness range of 7 mm - 12 mm**

manufactured by  
**Plywood plant “Vlast Truda”**

at its manufacturing site  
**Pereulok Schirokij 31  
442150 Nizhny Lomov, Penza region, Russia**

complies with the applicable IKEA formaldehyde limit requirements set forth in  
IKEA IOS-MAT-0003 v14 Section 1.5.1.1 Table 5:

**EN ISO 12460-3 = 1.2 mg/m<sup>2</sup>h**

This evaluation is based on **Supervision Report 2117062/2019/01** dated **29 April 2019**.

This initial supervision agreement certificate no. 2019-04-29-04 is not renewed after each audit. The proof of continued supervision will be issued after each half-yearly audit.

29 April 2019
